

Medicaid Global Waiver Webinar Available

Feedback and questions welcome

Dear Feedback Network member,

Healthier Washington's Medicaid Transformation webinar and slide deck are now available on our [website](#).

On the website you'll also find an [executive summary](#) of the concept paper, as well as the [complete concept paper](#) and additional resources.

Upcoming releases and engagement opportunities:

- We are collecting your questions and will address them in a Frequently Asked Questions document that we will release in the next few weeks.
- We plan to distribute a draft application in early August. Once released, there will be a 30-day public comment period, as federally required, before the application is finalized and submitted.
- The 60-day federally required tribal notice has been initiated and a formal tribal consultation has been scheduled.
- We are scheduling public forums in eastern and western Washington for August. More information will be coming soon.

Your questions and comments inform our work

Please continue to send your feedback on the webinar and the concept paper to medicaidtransformation@hca.wa.gov.

As always, thank you for your contributions toward creating a healthier Washington!
